Dr. Renee T. Willis

The Richmond Heights Education Foundation is a non-profit organization and works to enrich the overall learning experience of the students in the Richmond Heights Local School District. In order to support the efforts of teaching staff of the Richmond Heights Schools, the Foundation has allocated funds to be used for teacher mini-grants during the 2018 – 2019 school year. Grant awards for each project will be available for a maximum of **\$500** to staff members of who complete individual applications and are selected by the committee for award.

Time Line:

- Application goes live on RHEF Website **ONLY** 10/1/2018
- Application deactivated on 10/19/2018
- Proposals due by Friday 11/30/2018
- Awards will be announced 01/07/2019

Grant proposals should exhibit unique and creative projects that will be beneficial to our students. **These special funds are set aside to allow for activities and purchases that would not ordinarily be funded through the regular school budget.** The grant review committee will focus on creativity and meaningful instructional projects that support the academic achievement goals of the Richmond Heights School District. We will not give strong consideration to proposals that are requesting instructional supplies and equipment that should be provided by department or building budget.

We look forward to your proposals, and wish you all a rewarding school year.

Sincerely,

A handwritten signature in blue ink that reads "Jacqueline Tinsley".

Jacqueline Tinsley
President
